

STAT Specialty Hospital has obtained Hospital Accreditation from the Center for Improvement in Healthcare Quality (CIHQ)

Laredo, TX December 19, 2022 – STAT Specialty Hospital has been surveyed by the Center for Improvement in Healthcare Quality (CIHQ) and has successfully met the requirements for **Hospital Accreditation** by demonstrating compliance with CIHQ Standards and the Conditions of Participation by the Centers for Medicare and Medicaid Services. This recognition reflects the hospital’s continuous commitment to safety and quality patient care.

STAT Specialty Hospital was subjected to a rigorous unannounced onsite assessment on November 10-11, 2022. The CIHQ team toured the hospital, reviewed medical records, observed care practices, and interviewed staff and patients.

“CIHQ’s goal is to partner with hospitals to improve the care provided in our communities,” states Richard Curtis, Chief Executive Officer of CIHQ. “CIHQ is proud to recognize STAT Specialty Hospital for achieving accreditation.”

“Receiving hospital accreditation reflects on our commitment for providing superior quality services to the community we serve. We strive for safety and a better healthcare experience for you and your loved ones.” states, Alan Gonzalez, Chief Executive Officer of STAT Specialty Hospital—Laredo.

“After a lengthy process, our team worked together to achieve this recognition. CIHQ has changed the stereotype of what surveys are to so many in the healthcare industry. They used every opportunity to educate us on what we needed to do to correct or adjust. I would like to thank our team for their hard work and dedication to our organization.” continued Gonzalez.
